Chevrolets On Display This Week

DETROIT—For the 1967 car buyer, Chevrolet stresses choice with a capital "C." E. M. Estes, general manager, said today.

"Introduction of the Camaro as Chevrolet's sixth line of cars matches the American public's growing preference for individualizing transportation," he declared.

Estes said the 48 new models of Chevrolet, Chevelle, Chevy II, Corvair, Corvette and Camaro offer an unparalleled variety of sizes, body styles, options and safety features. They went on sale Thursday, September 29.

Two models of the personal-size Camaro—a coupe and a convertible that Estes terms "four-passenger packages of excitement"—are built on a 108-inch wheelbase.

"Camaro offers the greatest choice of engines, trims, options and accessories Chevrolet has ever introduced with a new line of cars," Estes said. "The buyer can literally tailor his own automobile."

Also new for 1967 is a top-of-the-line Chevelle station wagon named "Concours" which has wood-grain exterior trim.

Many important new safety-related product improvements are standard equipment on all 1967 Chevrolets. They range from an energy-absorbing steering column and dual master cylinder brake system with warning light to passenger-guard door locks and a four-way hazard warning flasher.

Heading a list of more than 400 options and accessories is a new stereo tape system, an improved cruise control and a new air conditioning unit which can be dealer installed on all new Chevrolets except Corvair and on all 1964 through 1966 models of Chevrolet, Chevelle and Chevy II.

Front disc brakes are available as options on regular Chevrolet, Chevelle, Chevy II and Camaro models. Four-wheel disc brakes are continued as standard on Corvettes.

Everglades Federal Pays Dividends

According to Richard A. Poston, president of Everglades Federal Savings and Loan Association of Belle Glade and Pahokee, that organization has paid out \$239,850.50 in third period dividends to savers who patronize the Glades financial institution.

Last year the organization paid dividends that ran over the \$900,000 mark and the Federal officers were hoping that the dividends would go over the million mark for 1966. If the million dollar figure isn't reached at the end of December, it is hoped that it can be reached in 1967.

Mr. and Mrs. John Riggs of West Palm Beach were the guests of Mr. and Mrs. James W. Vann last week.

Candy Strippers To Meet Saturday

A meeting of Candy Strippers in the hospital dining room Saturday, October 1, at 9:00 a.m. to reorganize for the new year has been announced by Mrs. Margie Laks, newly elected president of the Woman's Auxiliary of the Everglades Memorial Hospital.

All Candy Strippers are requested to be present and all other high school girls, ninth through twelfth grades, who are interested in becoming Candy Strippers and assist in the work at the hospital are urged to attend.

Auxiliary Names New Officers

Mrs. Margie Laks was elected new president of the Woman's Auxiliary of the Everglades Memorial Hospital at the first meeting of the fall season held in the dining room of the hospital Monday night, with President Grace Maxson presiding.

Other new officers elected for the 1966-67 year were Mrs. Marion Black, vice president; Mrs. Nola Nagler, recording secretary; Miss Faith Sasser, corresponding secretary and Mrs. Judy Walker, treasurer. Mrs. Eula Tillis, chairman, submitted the report of the nominating committee. The new officers will be installed at the October meeting.

Acting upon the recommendations of the executive board, the Auxiliary voted to assume as a project the decorating of the hospital building, both inside and outside, for the Christmas season, with Mrs. Alice Ramey to serve as general chairman in charge; also resume supervision of the activities of the Candy Strippers, either through the president or a special committee appointed by her.

It was announced the total hours of work credited to the various members of the Auxiliary to date will be reported at the October meeting for the ordering of Auxiliary Service Pins.

Following an excellent report given by Mrs. Faye Urry, ways and means committee, on the proceeds from the Auxiliary-sponsored vending machines and gift shop in the hospital lobby during the past year, it was voted to replace the peg board on the wall at the rear of the gift center with display cabinets with sliding glass doors. Mrs. Laks demonstrated the a-

Membership Pahokee C of C To Dickinson

The Pahokee Chamber of Commerce has voted to present Honorable Fred O. "Bud" Dickinson, Jr., state comptroller, with an honorary life membership in the Pahokee Chamber of Commerce. He will be presented with the membership at the annual dinner on October 11, as a gift for his help in getting the state park located in Pahokee.

Four new three-year directors will be installed by Judge James L. Tyson, Jr., at the dinner. The new directors who were elected are Don Collier, Albert Gamot, Jr., Earl Meredith and Charles Story.

Doyle Carlton Will Speak To Democrats

JACKSONVILLE—One of Florida's elder statesmen, former Governor Doyle E. Carlton of Tampa, will be a key speaker at the Democratic "Party of the Century" in Jacksonville October 1, at the Civic Auditorium.

The \$100 a plate dinner, sponsored by the Florida Democratic Executive Committee, will pay specific tribute to the Florida Congressional delegation and former governors of the State.

As the senior member of that combined group, Governor Carlton will be on the program to respond for the honorees and has agreed also to speak on the subject of party loyalty.

The 79 year old Carlton, who has been out of office for more than 33 years, still goes to his law office in Tampa daily and can be expected to have some vigorous comments about Democrat's obligation to support their party nominees.

Governor Carlton was born in Wauchula July 6, 1887, began practicing law in Tampa in 1912, was elected State Senator from that district in 1917 and served as Governor from 1929-1933.

529 Farms Counted In Palm Beach Co.

A total of 529 farms was counted in Palm Beach County during the 1964 Census of Agriculture, the U. S. Department of Commerce's Bureau of the Census reports.

In the last previous Census of Agriculture (1959), the total counted in the county was 527 farms.

The 1964 total is published in a preliminary report on the county just issued. The report also shows that average farm size in the county was 847.4 acres and that the average value of the county's farms (land and buildings) in 1964 was \$445,380.

Other important county statistics in the report are:

1. Value of all farm products sold by farms in the county in 1964, \$96,568,108; in 1959, \$50,487,325.
2. Value of all crops sold by county farms in 1964, \$86,378,611; in 1959, \$35,316,506.
3. Value of all livestock and livestock products sold by county farms in 1964, \$10,185,497; in 1959, \$15,170,819.

Information published for the first time in an agricultural census included the amount of income received by the county's farmers (\$4,001) from recreational services as well as data on use of pest control chemicals in the county in 1964.

Jim Maynor Gives Platform

Jim Maynor, Democratic candidate for State Representative, Group 4, gave a nine point program for conserving natural resources from contamination by water and air pollution at a coffee in Belle Glade last week.

The affair was hosted by Mrs. J. E. Jones. "Already much damage has been done to our natural resources," he stated, "and it is getting worse rather than better. We now have thousands of acres of submerged coastal lands closed because of municipal sewage pollution; this should be producing shellfish, oysters, shrimp and other marine life, both commercially and for the sportsman.

Furthermore, air pollution has damaged more thousands of acres of land which should be available for citrus and cattle. Although there is no count on damage being done by air and water pollution to wildlife we know it is happening and getting worse. In addition, it is beginning to affect our tourist business. On this basis alone it is costing the State of Florida millions of dollars annually, and if allowed to continue on the present course will undoubtedly cost the state hundreds of millions of dollars in the future."

Jerry Spires In Mine Exercise

USS LONG BEACH—Boatswain's Mate Third Class Jerry M. Spires USN, son of Mr. and Mrs. Fred E. Spires East 7th Street, Pahokee, is a crewmember of this First Fleet unit participating in exercise "Eager Angler."

The mine exercise, the third conducted this year, involves 29 ships ranging in size from attack aircraft carrier to minesweeper, commenced 13 September. "Eager Angler" is designed to ready ships for combat roles in the Western Pacific. Vice Admiral Bernard F. Roeder, USN, Commander First Fleet, is in overall command.

Among the phases of naval warfare to be stressed are air and anti-air operation including aerial strikes with live ordnance in the bombing ranges of the Chocolate Mountains and San Clemente Island; close air support and aerial reconnaissance.

There will also be training in shore bombardment by cruisers and destroyers, anti-PT boat operations, communications techniques, simulated search and rescue operations.

Many State Flags Are Requested

TALLAHASSEE, (FNS) — Secretary of State Tom Adams reports more than 600 requests for Florida state flags have been received by his office from Florida servicemen fighting in Vietnam.

Letters requesting the state banner are pouring in to Adams' office at the rate of 20 a day.

The flag project was launched two months ago when servicemen began requesting Florida flags because they were exempt from regulations governing the flying of national banners. When the limited supply of flags was exhausted, members of Adams' staff donated money for additional flags.

Word of the project got out and Floridians "opened their pocket-books and the flag fund climbed to \$2,162. A special Florida for Vietnam Fund was established at a Tallahassee bank where donations from all over the state are deposited.

In an effort to make the program as personal as possible, each donor has been paired with a serviceman requesting a flag. A letter is written to the serviceman telling him the name of the person who purchased the flag for him. A copy of the letter is also sent to the donor.

Cost of each flag, including overseas mailing, runs approximately \$6.50. All Floridians are being encouraged to donate to the fund in multiples of 6.50.

Lawyers Working On Constitution

TAMPA, (FNS) A definite timetable for members of the Florida Constitutional Revision Commission has been set by Chairman Chesterfield Smith in the commission's efforts to come up with a revised state constitution.

The Lakeland attorney told the Tampa Exchange Club that the commission released what he called "the initial rough draft" of the re-framed constitution on June 30.

Public hearings were held in July and the committees have been revising their initial recommendations in light of comments received.

During October the committee on style and drafting will work on

the other committees' recommendations, and final proposals for the constitution will be released November 10.

Late in November the full commission will meet in Tallahassee with the committee on style and drafting working on the fiscal decisions during December and January.

On February 1, 1967, Smith hopes to present the suggested document to the legislature in special session. If the legislature approves, the new constitution will be voted on in the next general election.

Sugar Cane Allotment Remains Same

Florida's sugarcane farms will be allotted about 198,100 acres for production of 1967 sugarcane crop according to San Schooley, ASCS County Office Manager. This is approximately the same acreage as for this year's crop.

The U. S. Department of Agriculture announced the determination of proportionate shares (farm acreage allotments) for sugarcane farms in the Mainland sugar area of Florida and Louisiana for the 1967 crop on September 8. Louisiana will be allotted about 316,720 acres for sugarcane production. Marketing within such shares is one of the conditions which must be met by producers to qualify for payments under the Sugar Act.

According to USDA officials, the decision to redistrict marketings of sugarcane on individual farms was based on the need to prevent accumulation of sugar stocks over those needed for quota and carry-over requirements. Sugar production from the restricted 1966 crop is now estimated at 1,150,000 to 1,200,000 tons with a marketing quota of 1,100,000 tons.

The effective inventory of sugar on January 1, 1967 would be 50,000 to 100,000 greater than the 670,000 tons inventory a year earlier.

Individual farm acreage allotments will also be approximately the same as in effect for the 1966 crop where the farm grew at least 90% of its 1966 allotment.

This method establishes bases at the same level as last year's share unless the farm operator intentionally underplanted his farm's 1966 share by more than 10%. Small acreages will also be made available for new producer allotments of 50.0 acres for farms that did not grow sugarcane during the 1962-66 base period. Requests for these shares must be filed at the ASCS county office in sugarcane producing counties by a date to be established later by the State ASC committee.

As in former years ASC county committees have been delegated responsibility for establishing farm proportionate shares in accordance with terms of the Department's regulations. Sugarcane growers will be advised of their farm's 1967 allotment as soon as this work is completed.

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the
Bonds you already own, too!*

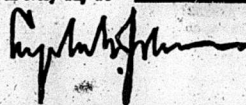

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

Flying Academy For St. Petersburg

ST. PETERSBURG, (FNS) A brand new flying academy, designed specifically to help relieve the growing pilot shortage of the nation's airlines was dedicated recently at the St. Petersburg-Clearwater International Airport.

The new school, National Aviation Academy, guarantees to its graduates an offer of a flight crew position with a scheduled airline on completion of six months of instruction.

Dedication speech was given by George Ruppel, chairman of the Pinellas County board of county commissioners. James Rogers, in charge of the Federal Aviation Agency's air safety activities in the Southeast, spoke at a luncheon later. Guests were welcomed by NAA President Robert E. Murray, former director of training and assistant to the president of Alaska Air Lines.

The school plans to have a continuous enrollment of up to 500 pilot trainees with new classes beginning each month. Applicants must have a high school degree and be between 20 and 30. Each student will have accumulated 170 hours of solo flight time by graduation.

6 P. M. Service Pahokee Baptists

The First Baptist Church of Pahokee will observe the following times for services on Sunday evening, beginning on Sunday, October 2. The Sunday evening worship services will begin at 6:00 p. m. with training union at 6:45 p. m. This Sunday evening will be a special emphasis on dedication of officers, teachers and leaders of the church.

Fellowship Dinner Methodists Sunday

The Canal Point Methodist Church had a fellowship dinner on Sunday, September 25, at the Community Building to honor Rev. and Mrs. E. F. Norton. Rev. Norton was re-appointed as pastor of the church in June and the dinner was a welcome to them on their return to the church.

The dinner, which was well attended, was arranged by Mrs. Donald B. Kepp, social relations chairman of the W. S. C. S., and her committee.

WEEKEND IN SARASOTA

Mr. and Mrs. Ray Urry and daughters, Pam and Ralena, accompanied by Debbie Poteete, spent the past weekend in Sarasota where they attended the freshman game of Florida State University and the University of Miami. On Sunday they visited the Ringling Art Museum in Sarasota before returning to their home in Pahokee.

Mrs. Robert C. Hatton, president, will be in charge of the business meeting and she will also conduct an executive board meeting in the Victory classroom at 7:30 p. m. preceding the regular monthly meeting.

Medical Center Need Studied

TAMPA, (FNS) The University of South Florida has completed a year-long study of the need for a new medical center in Florida, and issued a report recommending the State Legislature appropriate funds next year for initial construction on the Tampa campus.

The 1965 Legislature authorized a USF Medical and Nursing School, and since that time the university has been surveying the type of medical center necessary, and the cost of construction and operation of the center.

The report proposes a medical school for 400 students and a nursing school to train 150 students per year. Facilities needed would include 700 teaching hospital beds, an out-patient clinic, medical library, clinical and basic sciences classrooms and laboratories.

Fastback roof line distinguishes

1967 Chevrolet Impala Sport Coupe

The 19 Chevrolet models in five series for 1967 are entirely new in appearance with freshly styled fenders, hood, grille, bumpers and taillamps. Bright fender wrap-arounds extend grille styling on all models, while fender lamps are featured in the wrap-around area on Caprice models. The exclusive new sport coupe roof line (above) stresses fastback styling with the rear window blending into the deck in an unbroken line. A four-way hazard flasher is now standard equipment on all '67 Chevrolets. Dealers throughout the nation will display the new Chevrolets on September 29.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

U.S. SAVINGS BONDS
